About Exela

Exela Technologies BPA, LLC is a business process outsourcing and automation leader, leveraging a global footprint and proprietary technology to help turn the complex into the simple through user friendly software platforms and solutions that enable our customers' digital transformation. We have decades of expertise earned from serving more than 4,000 customers worldwide, including many of the world's largest enterprises and over 60% of the Fortune® 100, in many mission-critical environments across multiple industries, including banking, healthcare, insurance and manufacturing. Our technology-enabled solutions allow global organizations to address critical challenges resulting from the massive amounts of data obtained and created through their daily operations. Our solutions address the life cycle

of transaction processing and enterprise information management, from enabling payment gateways and data exchanges across multiple systems, to matching inputs against contracts and handling exceptions, to ultimately depositing payments and distributing communications. Through cloud-enabled platforms, built on a configurable stack of automation modules, and approximately 12,600 employees operating in 20 countries, Exela rapidly deploys integrated technology and operations as an end-to-end digital journey partner.
